Tutorial 3 Document

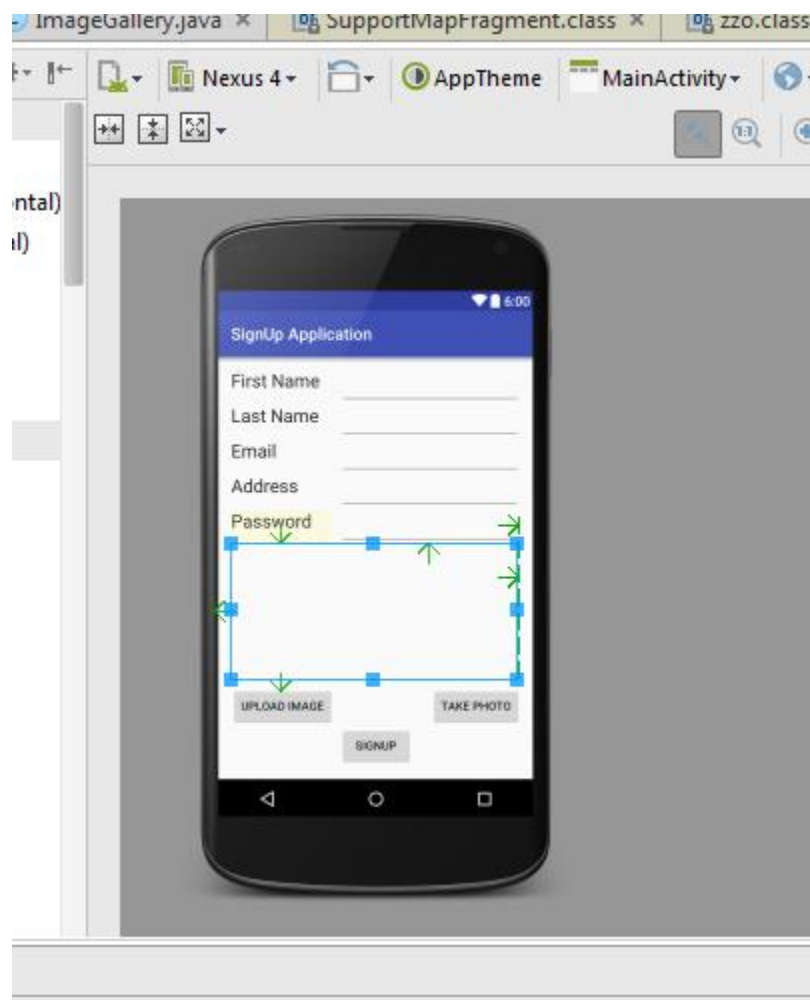

Description:

This application consists of a signup page which takes details like First name, Last name, Email, Address, password and a picture which can be taken through camera or gallery and the picture will be displayed on main page.

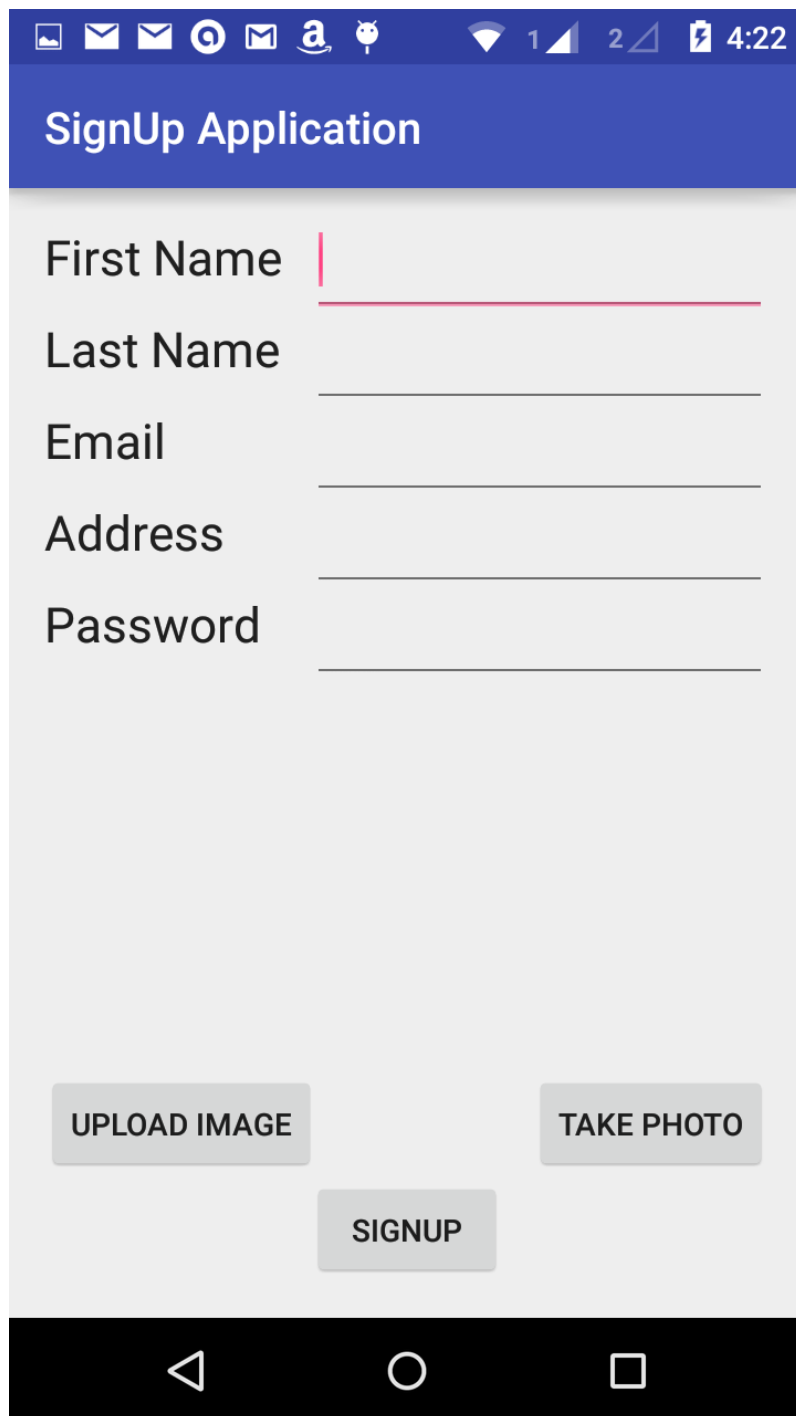

After entering details and uploading picture, clicking signup page redirects to google maps pointing the current location. Along with the picture captured or loaded as marker to the location.

Steps:

Created activity_main view below:

Below is the main_activity signup page

The screenshot shows a mobile application interface for a signup page. At the top, there is a blue header bar with the text "SignUp Application". Below the header, the page has a light gray background. There are five input fields with labels to their left: "First Name", "Last Name", "Email", "Address", and "Password". The "First Name" field has a red vertical line on its left side. Below these fields, there are three buttons: "UPLOAD IMAGE" and "TAKE PHOTO" are positioned side-by-side, and "SIGNUP" is centered below them. At the very bottom, there is a black navigation bar with three white icons: a back arrow, a circle, and a square.
